

# NIYAS MOHAMMED BASHEER

## MASTER OF COMPUTER APPLICATION

✉ [niyas93official@gmail.com](mailto:niyas93official@gmail.com) | ☎ +91 9995611539 | [in LinkedIn](#) | [Github](#)

### PROFILE

---

As a Master of Computer Application graduate, I have a strong interest in Java development and software engineering. With a solid foundation in computer science principles, I focus on delivering robust and scalable solutions. Through continuous learning, I have developed expertise in Java programming and web development. Eager to contribute to impactful projects, I quickly adapt to emerging technologies and aim to make a meaningful contribution in the field of software engineering.

### EDUCATION

---

#### Master Of Computer Application

Sree Narayana Gurukulam College of Engineering , CGPA : 7.74

APJ Abdul Kalam Technological University , India

2023 – 2025

#### Bachelor Of Computer Application

SAFI INSTITUTE OF ADVANCED STUDY , CGPA : 6.8

University of Calicut , India

2020 – 2023

### TECHNICAL SKILLS

---

**Languages** : C/C++ | Python | Java | HTML | CSS

**Development Tools** : VS Code | Eclipse | Android Studio | Pycharm

**Frameworks** : Python Django

**Cloud / Database** : SQL | MySQL

### EXPERIENCE

---

#### Java Full Stack Internship

Qspiders

March 2025 – Present

Cochin, India

- Learned and implemented SQL for creating, retrieving, updating, and managing data in relational databases.
- Improved debugging and problem-solving skills by working on mini-projects and code challenges.

#### Python Full Stack Internship

Maxlore Innovations LLP

January 2025 – March 2025

Calicut, India

- Developed and maintained full-stack web applications using Python (Django framework) for backend development and HTML for frontend UI design.
- Gained hands-on experience in the full software development life cycle (SDLC), from requirements gathering to deployment.

#### TECHSIAS Member

TECHSIAS Community - SIAS

2020 – 2023

Vazhayoor, India

- As a member of the main team of TechSIAS, I contributed to leadership and management.
- Led a team of 120+ students to organize workshops, hackathons, and tech seminars, fostering skill development in areas like programming.

#### Coordinator

SAFI INSTITUTE OF ADVANCED STUDY , Vazhayoor

September – 2021

Vazhayoor, India

- Coordinated a 1-day hackathon in my college with 120+ participants and 30+ teams.
- Led 13 mentors for guiding participants.

## PROJECTS

---

- Water Proofing Management System** | *Python,HTML,SQL* January 2025 – March 2025
- Implemented a full-stack ERP solution to streamline operations for a waterproofing services company.
  - Designed responsive web pages using HTML and managed database interactions with SQL for efficient data storage and retrieval.
- STU MART** | *Python, Django, SQLite,HTML,CSS,Git* August 2024 – November 2024
- Developed "STU MART " development and implementation of this software designed to facilitate the buying and selling of study materials for students.
- Driver Drowsiness And Accident Detection System** | *Python,SQL* December 2022 – March 2023
- Engineered a driver drowsiness detection system using Python and OpenCV, incorporating eye-tracking to identify fatigue , and reducing potential accident risks

## CERTIFICATIONS

---

- Manual Testing** January 2025 – February 2025  
*ACM Kollam Professional Chapter*
- Cloud Computing** July 2024 – Oct 2024  
*Indian Institute of Technology Kharagpur*
- Database Management System** July 2024 – Sep 2024  
*Indian Institute of Technology Kharagpur*
- Basic Python Course** December 2022 – March 2023  
*Nexus Technologies*
- AWS For Beginners**  
*Great Learning Academy*
